### Profile

I am a BSc (Hons) Software Engineering graduate seeking an Associate Software Engineer position. I have hands on experience in Spring Boot, React, and version control tools such as Git and GitHub,Postman. Through my internship, I gained practical exposure to real-world software development, collaborative teamwork, and timely task delivery. I possess strong leadership and team leading skills and am highly motivated to learn new technologies while contributing to the development of efficient and scalable software solutions.

### Professional Experience

<b>Backend Engineer-Intern</b> Samuel Gnanam IT Centre	09/2025 – 03/2026 Jaffna,Srilanka
A BSc Software Engineering graduate with practical development experience in Spring Boot, React, REST API testing using Postman, and source code management with Git and GitHub. Completed an internship that provided hands on exposure to real-world projects, agile teamwork, and timely delivery of development tasks. Demonstrates leadership capabilities, adaptability, and a strong passion for learning new technologies and contributing to the development of high quality, scalable software applications.	

### Projects

<b>Restaurant Management System</b> 
Built a full-stack Restaurant Management System using React (TypeScript), Spring Boot, and MySQL. The system includes menu and item CRUD with pagination, table reservations, order management, kitchen and staff workflows, customer management, billing and invoicing, and sales analytics dashboards. Implemented JWT-based authentication with role-based access control for admins, staff, and managers. Used React Hook Form, Tailwind CSS, and Axios on the frontend, and Spring Security on the backend to ensure a secure, scalable, and maintainable architecture.

### Education

<b>BSc (Hons) Software Engineering</b> International College of Business and Technology	11/2025 – 11/2026 Jaffna,Srilanka
<b>Higher Diploma in Computing and Software Engineering</b> International College of Business and Technology	03/2024 – 08/2025 Jaffna,Srilanka

### Skills

<b>Development Tools</b> Java, Springboot, React, HTML, CSS, Javascript	<b>Version Control</b> Git, GitHub
<b>Database Management</b> MySQL, MongoDB
